

PRODUCT SPECIFICATION

CLEAROUT PLUS IGR AEROSOL INSECTICIDE

Effective Date: July 14, 2024

Printed Date: July 19, 2024

Registration No. รวส. 673/2564 (Thai FDA)

Description For the control of ants, cockroaches and flies in domestic, commercial and public buildings.

Active Ingredient

Fipronil	0.050% w/w
Pyriproxyfen	0.015% w/w

Specification

Appearance	: Clear Liquid (Liquid)
Specific Gravity / Density	: 0.740 - 0.770 Kg/L at 30°C

Direction to Use Shake can well before use. Hold can upright while spraying and hold about 15 to 20 cm from the surface to be sprayed. Avoid using on plastic surfaces.

Clearout Plus IGR Aerosol Insecticide, when used according to directions, will give effective residual control of ants and cockroaches, and short term control of flies, in situations such as domestic, public service, industrial and commercial areas.

Pest	Critical Comments
Ants Cockroaches	For residual control, spray as a surface application up to but not exceeding the point of run off onto surfaces and into cracks and crevices where insects are likely to rest, harbour, live and breed. Use the crack and crevice extension tube to direct spray into cracks, crevices and other hard to reach places. Clearout Plus IGR Aerosol Insecticide can also be applied directly as a spot treatment to live insects.
House flies	Apply to surfaces where flies are likely to rest. For outdoor fly control, apply to surfaces where flies tend to be a nuisance. Apply spray up to but not exceeding the point of run off. Clearout Plus IGR Aerosol Insecticide can also be applied directly as a spot treatment.

Packing 350 g

Storage Keep out of reach of children.
Pressurized dispenser, protect from sunlight and **DO NOT** expose to temperatures exceeding 50°C.
